## PRESCHOOL

Our school provides children ages 2.9-5 years old an opportunity to learn and grow in a safe and nurturing environment, while participating in various activities to develop their creative side, interact with peers, build fine/gross motor skills and enhance their self-esteem. Our dedicated staff come up with innovative ideas and activities to allow our students to thrive and fully prepare them for their formative years.

## PRE-KINDERGARTEN

Pre-K is an advanced preschool program built on the foundation that our Preschool has created through age-appropriate activities for children that are 4-5 years old and entering Kindergarten the following school year. Our Pre-K takes a hands-on approach to learning and introduces a curriculum that will focus

on preparing the child for Kindergarten while catering to the unique needs, interests and capabilities of each child. Daily activities include circle time, arts & crafts projects, outdoor play and free play, all while developing crucial skills that your child will need going forward.
